DETAILED INFORMATION

MedFolio

MedFolio is a great fit for more active or self reliant individuals.

- Interfaces with computer software program to initiate audio alert reminders and visual lighting reminders for each scheduled medication dose stored in the database.
- The whole device can be easily transported to medical-related appointments.
- Detachable pill storage boxes permitting patients to carry a short-term supply of medications without transporting the entire device to nonmedical related outings.
- Access baskets in each compartment of the pill storage boxes aid in the delivery of each medication dose from the device to the patient's hand (great for those with arthritis or shaky hands).
- The unique built-in pill identification system in lid is a portfolio of every medication stored in the device, thereby giving the patient/caregiver the confidence to engage in medication discussions with their healthcare providers.
- Interfaces with secure website to offer the option of receiving electronic messaging reminders (e-mail and text message) for each scheduled medication dose.
- Print medication lists to bring to medical appointments. (1) Filling Document by Day (2) Filling Document by Medication (3) Medication Information List

Part # MF1001

Price: \$248.00

MedReady Automatic Pill Dispenser

- Choose between multiple models.
 1. Basic
 2. Red Flashing Light
 3. Low Frequency Alarm
 4. Flashing Light & Alarm.
- Timed-alarm system provides next dosage automatically. Pill tray rotates to the next dose when the next audible alarm sounds. Alarm is 90db or 2800-3000 HZ
- If patient misses a dose, the pill dispenser denies access to the missed dose.
- Holds 28 doses of dry medication such as pills or capsules - up to 7 days of 4 times a day dosing.
- Each compartment is 1" x .5" x .75"
- A locking cover provides a tamper proof secure dispenser.
- Pill compartments are designed to fit adult fingers and "ramped" for easy removal of medication.
- "Early dosage" feature allows taking dosage with patient.

Part # MR1600x

Price: \$149.00 - \$169.00

MedReady Automatic Pill Dispenser With Modem

Same functionality as the MedReady models, but includes a modem that allows alerts to be sent to a caregiver if medication is not accessed.

- Calls up to 3 phone numbers, leaving messages, and sends 3 e-mails, if dose is not taken.
- Can be configured at the factory to dial '9' to get an outside line, if needed.
- Sends daily report on patient's compliance via the internet (MedReady monitoring service), accessible by the caregiver.

Part # MR1650x

Price: \$196.00 – \$218.00

Med-E-Lert

- Med-E-Lert has 3 different alarm tones and also silence with blinking light to accommodate different hearing levels.
- Preset the time to alarm with a ring and flashing light for 30 minutes or until you take your medication.
- This unit will not rotate until med's are taken.
- Long duration buzzer sounds continuously until the pills are removed.
- Capacity: One week's supply of pills up to four times per day. 28 compartments: each can hold several pills (up to 18 aspirin size pills).
- Lockable with key. Tamper proof.
- Alarm: Loud sounds plus blinking light.
- Low battery Alarm (batteries Included).
- 12 Month Warranty

Part # GMMELQB0903B

Dealer Cost: \$69.95
